Dear Mr Nic Smith

### **COVID-19 Essential Work**

During these difficult times surrounding COVID-19, Norco will remain open for business as we are critical to the NHS and many more. We are a reactive company and hold Contracts across several NHS sites for maintenance and supply of all power components for their critical equipment. We deem the work/components PSL provide us with are critical to us at Norco and more importantly to the NHS during these difficult times.

Norco recommend that PSL should be allowed to continue to supply Norco with essential capacitors and related equipment for the essential maintenance of all UPS Systems situated in the Hospitals.

Yours Sincerely

Frank Burns  
Contract Support Engineer
