

POLICY STATEMENT

QUALITY MANAGEMENT TO BS/EN/ISO 9001: 2015

PSL Assemblies policy of high quality of service along with close personal co-operation with Customers has led to PSL being a supplier of a quality service.

PSL Assemblies Quality Policy is subject to annual review and it is essential that every employee is aware of our commitment to the Quality Management system, for which a Compliance Manual has been prepared.

In order that PSL Assemblies performs in an efficient manner, to maintain this position and continues to meet the requirements of its Customers, the Board has decided to give its full support to the implementation and maintenance of the Quality Management system in accordance with **BS/EN/ISO 9001: 2015**.

PSL Assemblies fully committed to the continual improvement of its Quality Management system. This includes setting measurable Quality Objectives, which have been agreed by the Board of Directors along with a framework to ensure these are subject to formal management review.

PSL Group in the provision of the products and services they provide is fully committed to meeting and complying with statutory and regulatory requirements.

The Head of Compliance will be responsible for the administration and maintenance of the Quality Management system, but it must be borne in mind that the Quality is the responsibility of all staff, and that only with the co-operation in performing his or her duties in strict accordance with the relevant procedures, will the system achieve its objectives.

Signed 

Paul Chapman

Head of Compliance

On Behalf of the Board of Directors

PSL Assemblies
